

DOCKET NUMBER

PETITION FILE PRM 54-02

(70FR 34700)

From: "Jay Adams Ph.D./ Klaus Schumann" <jayklaus@msn.com>
To: <secy@nrc.gov>
Date: Wed, Aug 24, 2005 12:01 PM
Subject: Re-licensing

We are residents of San Luis Obispo County in California. Our home in Paso Robles is located 28 miles from the Diablo Canyon Nuclear Power Plant. We are concerned that the current re-licensing regulations are not in the best interest of the public - and our health and safety. We support Westchester County Executive Andrew Spano's 2.802 petition PRM-54-02 requiring NRC to take into account crucial components of public health and safety such as population density, infrastructure, and emergency planning during re-licensing. In addition, the NRC must take into consideration citizen's concerns about terrorism and earthquakes.

Sincerely

Mary Jane Adams
