Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	license termination request	
Summary:	<p>Steve Per estimated that the 4 laboratories used comprised about 500 square feet of laboratory space.</p> <p>I reviewed the license termination process (EA review, FRN publication) and told him that it was unlikely that the license would actually be terminated by the end of September, but that his request to terminate should be sufficient for Fees. He asked if he would receive a letter when his license is terminated, and I told him he would get a letter and a terminated license document.</p>
