Dear Chief.

Re-Licensing PALLISADES Nuc. Plant  
in Michigan is a bad idea.

I support safe NUCLEAR power.  
Put money into Pebble Bed Reactors.  
We don't need another meltdown  
like CHERNOBYL! I live nearby!

If you do give it another  
20 yrs - at least send 100 IODE  
TABLETS to everyone in a 50 mi  
radius!

Swami TAPASANANDA

P.S. if you do shut it down  
make sure to budget 50 armed men to  
guard all that death stored on the dunes!
