Glenn and Scott,

Just a couple of minor 'nits' I found on the letter that you may or may not have already discovered:

1. The address block for E. James Ferland should refer to the company as "Public Service Enterprise Group." (PSEG Power LLC's President and COO is Frank Cassidy.) Also, the header for the letter on page 2 and beyond should be consistent (and not be "Public Service Electric & Gas.")
2. Remove Gabe Salamon's name and replace with Steve Mannon's name.

I am still working with Cornie Holden to get NRR's review done ASAP...

Bob

>>> Glenn Meyer 01/26/04 12:56PM >>>

Letter to PSEG on work environment as discussed previously. This version has regional concurrence and is ready for headquarters agreement.
