RE: Medical information release

PSEG

Nuclear Medical Dept

Human Resource Manager

Importance:  
Sensitivity:

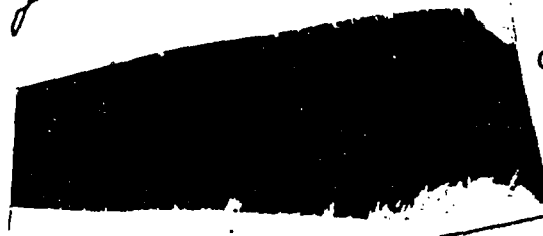

High  
Confidential

Dr. Solomon,

Please verify that you have received the information you requested on my medical condition. I personally sent this information to you earlier in the month after the Medical department stated you still had not received it from Dr. Szeto. After you have reviewed this information please provide me with a statement of your evaluation on the nature and extent of my medical condition as it relates to my assigned work.

I had a meeting with PSEG Medical at about this time (Feb 2003) and discussed a letter they received from my physician, Dr. Szeto. David Braun, PSEG Nuclear Human Resource Manager was involved with these activities.
