King of Prussia, PA 19406-1415

Attention: Mr. John D. Kinneman
Chief
Materials Security and Industrial Branch
Division of Nuclear Materials Safety

This refers to U.S. Nuclear Regulatory Commission License (NRC) Number 29-01022-14, Docket 030-029741, Control Number 135238, your letter dated June 3, 2005, subject: Department of the Army Meeting Summary, and to your letter dated August 1, 2005, subject: NRC Jurisdiction Outside the Continental United States, Control No. 3029741.

This is an interim response to your letter of June 3, 2005.

We are in the process of obtaining additional information in order to respond to your letter of June 3, 2005, which requires coordination with the users of the Science Applications International Corporation Mobile Vehicle and Cargo Inspection Systems as well as with Headquarters, Department of the Army, since this will affect various elements of the Department of the Army.

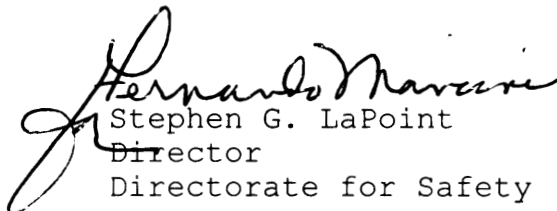

Thank you for providing us with your position letter of August 1, 2005. We appreciate your efforts concerning your current position regarding NRC jurisdiction over the use of licensed material outside U.S. territory. We understand that your current position is that your agency's regulatory jurisdiction does not extend to U.S. origin nuclear materials or facilities located in foreign countries.

We currently anticipate providing a response to your June 3, 2005 letter by September 30, 2005 once we are able to complete coordination with all effected Army elements.
