SUBJECT: LETTER DATED AUGUST 22, 2005

Dear Mr. Etters:

Your letter August 22, 2005, informs the NRC that Ben Panella is the named RSO at your location. The current RSO listed on License No. 45-30805-01 is Greg Hammadock and the license is issued to the Hillis-Carnes Engineering Associates, Inc., at the mailing address of your Chantilly, VA office. NRC does not formally recognize alternate or assistant RSOs. The individual listed on an NRC license as the RSO is the individual responsible for overseeing the radiation safety program at all corporate locations listed on the license. However, the RSO may delegate appropriate tasks to other qualified individuals at the locations of use named in Condition 10 of the license. The RSO must confirm that those delegated tasks were performed as required and in compliance with NRC regulations and the condition of your NRC license. From a discussion of this letter between Ben Panella of your office and Jenny Johansen of my staff on August 25, 2005, we understand that this letter was not intended as a request to amend the named RSO on License No. 45-30805-01.

Please be advised that all future correspondence with the NRC should be signed by the corporate officer who has the responsibility for all amendments and correspondence with the NRC. All correspondence should come through the Chantilly office mailing address.

Thank you for your cooperation.

Sincerely,

Original signed by John D. Kinneman
