John,

In an effort to followup on the allegation you had forwarded to Region I, I was wondering if you could provide any additional information.

More specifically, do you know [REDACTED] We may have an allegation panel on this issue on 2/25/98 and if this is not the individual raising the concern or we do not have a phone number or address for the Allegor, all we can do is put a Memo to File if any followup is performed.

Any info you might have is appreciated. Please provide your response to me and/or Dave Vito, Region I Sr. Allegations Coordinator.

Thanks,
Leanne
