 Subject: Allegation RI-2002-A-0132 Concerns 1 and 4

The letter to the alledger relative to the above allegation stated we would be doing some further inspection of these issues. On April 16, 2003 I was on-site and reviewed these two issues and documented the findings in a feeder to resident inspection report 50-272/311-03-003. The detailed documentation was limited by Safeguard Information constraints. The licensee submitted additional information to the NRC on these issues in a letter dated April 17, 2003. The first issue -concern 1- was an assertion that the required
