[REDACTED] - RI-2002-A-0132) called me about a few minutes ago with a new question/concern. It

I wasn't sure if what he was referring to was in violaiton of any specific security plan requirement. I told him that I would go to the Region I staff to try to get a simple response, if there was one to get, but that if I could not get a simple response for him, we would be putting it into the allegation process. I told him that a lot of the folks in the security inspection area ar Region I were not available today and that it may take me a couple of days to get him an answer, but in any event, I have to call him back. Please provide me a response ASAP. This individual is very persistent, and will readily go to the media if we are not responsive, so I really need your support on this.
