Subject: Phone Call from UCS re: closeout letter for RI-99-A-0096

UCS (DL) called me this morning (10/4/99) at 11:00 a.m. with a followup to our closeout letter for RI-99-A-0096. He asked about our followup to one of the concerns, which was related to the relocation of [REDACTED] office from the site to the PSEG Training Center in Salem, NJ. The source of the allegation had informed UCS that [REDACTED] was relocated ... "as a result of something that happened in [REDACTED] approximately seven weeks ago." In our response dated 9/22/99, we indicated that [REDACTED] was relocated to the PSEG training center, purportedly as a result of his new position as a coach and mentor of the four vice presidents in the new PSEG Nuclear organization announced on July 13, 1999. We have no indication that this office relocation was related to any inappropriate action by [REDACTED]. Thus, the NRC plans no further action in this matter." UCS (DL) relayed our response to his source. The source then informed UCS that the event that happened in [REDACTED] was that [REDACTED] was picked up for DUI. UCS (DL) also informed me that this was the second time within the last year or so that [REDACTED] has been charged with DUI. UCS (DL) also stated that [REDACTED] was also involved in a past drunk and disorderly incident inside the control room at Davis Besse when he worked for Toledo Edison. UCD (DL) then stated to me that he... "could sent a copy of my letter along with the two police DUI reports to the local paper, but he didn't want to do that." I thanked DL for the information and told him I would put it in the process. -====> I will but a new allegaiton number on this and put together the allegation receipt form. Please delete this e-mail after you read it. Just thought everyone should know about it as soon as possible. 12
