Mel,

Because this document is many pages, Dan suggested I make a copy for Scott Barber and Steve Pindale will give it to him when he's back in the Region on Monday (4/5).

Dan,

Thanks for the email. Kathy, please make a copy of the evaluation (in my inbox) and send it to Scott Barber.

Scott, this evaluation is in response to a notification that was previously referenced and provided to the NRC by a concerned individual. The conclusion reached by the individual was that this was a further reason for ordering Salem and HC shutdown.

Thanks all.

Mel

*NO*  
Mel, [redacted] stopped by with a manager approved/pre-carb common cause analysis of the uncorrected, global and interactive organizational and programmatic issues. [redacted] said the carb is on April 13. I put it in your in-box.  
Dan
