Date: 3/23/04 8:46AM
Subject: Allegation

Glenn,
Got a voice mail this morning from a [REDACTED] *7L* alleging that he has some nuclear safety and equipment concerns that he has raised in the past through his management but has been unsuccessful in reaching resolution to his satisfaction. He is coming over at 10 a.m. Stated that he has no fear of being recognized. I will pass on the details after our meeting. Thanks.
Dan
