LETTER CONCERNING POSSIBLE POLLUTION OF RIVER WATER FROM WOOD RIVER JUNCTION PLANT OF UNITED NUCLEAR CORPORATION, RHODE ISLAND

Attached is a copy of a letter received by Oak Ridge on Friday, August 21, 1964. Oak Ridge, as indicated by the MRS also attached, plans to acknowledge and advise that a more complete response will come from the Division of Compliance. While we are waiting for the copy of the acknowledgment from Oak Ridge, we would appreciate your furnishing us with appropriate data for use in a response. This probably will also require your checking with the state health people. The prompt furnishing of this information will be greatly appreciated.
