Ralph,

I wanted to check with you regarding how much planning has gone forward for the ACRS subcommittee meeting on Vermont Yankee uprate, tentatively scheduled in VT for Nov 15-16. Those dates are not good for us here.

We would like to explore whether the dates can be adjusted. The week before is clear for us and would be better. Even the short week before Thanksgiving (the week after the current schedule) would be better for us. If it had to be the week tentatively scheduled, Nov 14-15 would be better for us.

We recognize that its possible too much planning is already in place to change horses now.

Thanks.
