Mr. Donald A. Nussbaumer, Chief
Source and Special Nuclear Materials Branch
Division of Material Licensing
United States Atomic Energy Commission
4915 St. Elmo Place
Bethesda, Maryland 20014

Dear Mr. Nussbaumer:

Subject: Renewal of Source Materials License for Commercial Products
Division Facilities at New Haven, Connecticut and Wood River
Junction, Rhode Island.

Reference: Application for Renewal of Special Nuclear Materials License
SNM-777, Docket 70-820, dated October 31, 1968

United Nuclear Corporation, Commercial Products Division respectfully applies
for renewal of the Source Materials License for the operations at its plants
at New Haven, Connecticut and Wood River Junction, Rhode Island.

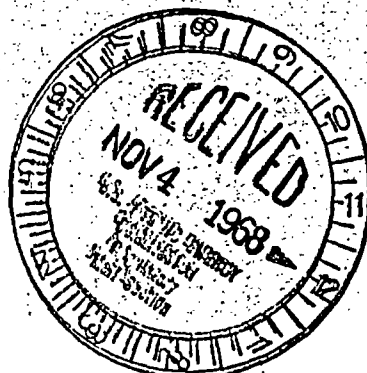

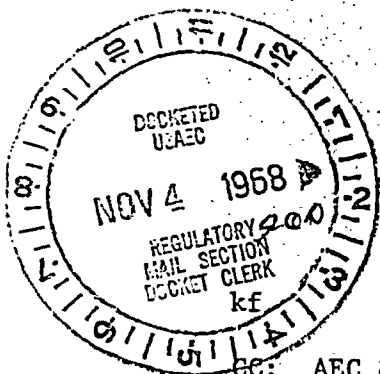

Source Material will be received, stored, processed, handled and shipped
in accordance procedures and in facilities described in the manual, "General
Information and Procedures Applicable to the Handling of Special Nuclear
Material - United Nuclear Corporation, Commercial Products Division, Fuel
Fabrication Operations, New Haven, Connecticut - Fuel Recovery Operations,
Wood River Junction, Rhode Island." This manual has been submitted under
the referenced application for renewal of SNM-777.

United Nuclear Corporation also requests that the existing license be extended
until formal renewal is granted.

Please do not hesitate to request additional information necessary to assist
your review of this application.

Respectfully yours,

Louis J. Swallow
Louis J. Swallow, Manager
Nuclear and Industrial Safety
Commercial Products Division

ACKNOWLEDGED
