Dear Sir:

On November 12, 1969, United Nuclear Corporation filed with your office an application for a license to export a quantity of special nuclear material to Sumitomo Electric Industries, Japan. Your office has requested certain additional information as follows:

1. Paragraph 3.a. - Add after "U-235", "(9,820 grams of U)".

2. Paragraph 3.b. - Add after "U-235", "(83 grams of U)".

3. Add Paragraph 6 -

"6. The material involved in this transaction was leased to UNC by the AEC."

Also attached is the end use statement as amended.

I trust that the application is now complete and that a license will be issued at your earliest convenience.

Sincerely,

E. B. White, Jr.
