We have received written confirmation from *AEC Board Canada*

, that the above material,  
proposed for export, will be subject to all the terms and conditions of  
the following Agreement for Cooperation: *US - Canada*

which entered into force on *July 21, 1955*; and that the  
ultimate consignee is authorized to receive and possess the material.  
We are of the opinion, therefore, that the issuance of the export license  
would not be inimical to the interests of the United States.
