Dear Sir:

United Nuclear Corporation hereby makes application for the export of special nuclear material to Japan. The following information is submitted in connection with this application:

1. Applicant

United Nuclear Corporation
Commercial Products Division
Route 21-A
Hematite, Missouri

2. Consignee

Sumitomo Electric Industries, Ltd.
Kumatori-Cho, Senna
Gun Osaka, Japan

3. Chemical and Physical Form

a. 11,185 grams of 1.65% enriched uranium dioxide powder and uranium dioxide pellets containing a total of 164 grams of U-235.

b. 94 grams of 3.20% enriched uranium dioxide powder containing a total of 3 grams U-235.

4. End Use

Research on the physical and chemical characteristics of the material.

11/17/69 Talked to white and
told him we needed end use
statement from UIC consignee,
as to U-235 uranium dioxide and ownership
and name of the material. etc

12/1/69 Talked to white who said
they had not gotten the
end use statement. Said
but would follow up on it. 11/14/69
etc E-1
