Subject: Re: Allegation

A few quick reminders - ask if he minds if we turn the allegation over to PSEG for them to review.

Please write up the allegation on the proper form so that we can get it to the allegation office within 5 days.

Glenn,

Got a voice mail this morning from a [REDACTED] alleging that he has some nuclear safety and equipment concerns that he has raised in the past through his management but has been unsuccessful in reaching resolution to his satisfaction. He is coming over at 10 a.m. Stated that he has no fear of being recognized. I will pass on the details after our meeting. Thanks.

Dan
