Re: Notification of Proposed Sale

Dear Nuclear Regulatory Representative, 03014390

Our facility operates Nuclear Medicine services under the materials license number 47-18046-01 and has long been a member of the Hospital Corporation of America family. Earlier this year, however, HCA announced the sale of a group of their more rural hospitals, including Raleigh General.

Life Point Hospitals of Brentwood, Tennessee, has proposed to purchase Raleigh General Hospital in a group of five facilities in this area. We are confident you will find that Life Point is responsible in their management of nuclear material, just as HCA has been. Our anticipation would be a completion of this sale by the end of this year.

If you require additional information, please do not hesitate to contact my office at 304-256-4101, or Linda Morrison, CNMT, our Nuclear Medicine Supervisor, at 304-256-4126. As a matter of completeness, we are also sending a copy of this notice to the Region II office in Atlanta, Georgia.

Thank you for your review of this notification.

Sincerely,

Karen L. Bowling
President/Chief Executive Officer
