B.2 STATEMENT OF WORK

A. Objective

To provide visa and passport services, including door-to-door courier service, for the Office of the Chief Financial Officer (OCFO) at 11545 Rockville Pike, Rockville, Maryland 20852. Services include the pick-up of passport/visa applications at the lobby of 11545 Rockville Pike, delivery of passports or visas to the appropriate embassy or passport office, then return delivery back to 11545 Rockville Pike. Service is also to include the checking of applications for omissions or errors, expedited service for last minute requirements, and the providing NRC with up-to-date entry requirements for countries being traveled to including up-to-date visa application forms.

B. Visa and/or Passport Delivery

1. Standard Processing Time:

The Contractor shall pick up and deliver visas or passports from the NRC Headquarters location on a daily basis between the hours of 9:00 AM to 4:00 PM. The visas and passports will be delivered to the appropriate embassy or passport office by the workday following the pick up at NRC. The visas or passports will be picked up at the embassy or passport office on the day they are ready for pick up and will deliver to NRC by the next business day.

2. Expedited Processing Time:

Deliveries required sooner than described in the above paragraph will be requested as an expedited delivery and eligible for an increased payment amount to the Contractor for that service. Examples of expedited deliveries are when the visa or passport must be delivered to the embassy or passport office on the same day it is picked up at NRC, or when the visa or passport must be delivered to NRC on the same day that the document is picked up at the embassy or passport office. Expedited delivery fees are in addition to the customary pick up and delivery fee.

The contractor may be required to check on the status of visas or passports to determine if they are as yet ready. In such instances, no additional charge will be due from the NRC. However, the Contractor may take this anticipated service into account when calculating the proposed expedited fee.

3. One Way Processing:

In some instances, a round-trip delivery is not required. An example is when an NRC employee applies at the Passport Office in person for a new passport. In these instances, a one-way pick up and delivery charge will be due to the Contractor.

4. One Way Processing with Overnight Parcel Shipment:

It is anticipated that in some cases, NRC may request the Contractor to send a visa or passport directly to an NRC employee by an overnight parcel carrier instead of delivering that visa or passport to NRC Headquarters. This service includes a one way pick-up and delivery to the embassy or passport office and the cost of the overnight parcel service.

2. Visa and/or Passport Services

Contractor shall provide the NRC with current blank copies of all necessary forms or applications for visas and/or passports.

Contractor shall stay up-to-date with and provide the NRC with any changes in requirements for obtaining visas in the countries the NRC visits or in passports.

Contractor shall review applications received from NRC for errors or omissions and return them to the NRC for correction. This is to avoid having rejections from the embassies or passport office which would adversely affect delivery times.

The services described in this section are not to be paid for directly by the NRC, but are considered as complimentary service accompanying the delivery services.

B.3 CONSIDERATION AND OBLIGATION--TASKS ORDERS (JUN 1988)

(a) The total estimated amount of this contract ceiling (Maximum Ordering Limitation) for the products/services ordered, delivered, and accepted under this contract is \$17,450.00. The Contracting Officer may unilaterally increase this amount as necessary for orders to be placed with the contractor during the contract period provided such orders are within any maximum ordering limitation prescribed under this contract.

(b) The amount presently obligated with respect to this contract is \$17,450.00. The guaranteed minimum quantity ordered under this contract is 10 units under line item 0001. The Contracting Officer may issue orders for work up to the amount presently obligated. This obligated amount may be unilaterally increased from time to time by the Contracting Officer by written modification to this contract. The obligated amount shall, at no time, exceed the contract ceiling as specified in paragraph a above. When and if the amount(s) paid and payable to the Contractor hereunder shall equal the obligated amount, the Contractor shall not be obligated to continue performance of the work unless and until the Contracting Officer shall increase the amount obligated with respect to this contract. Any work undertaken by the Contractor in excess of the obligated amount specified above is done so at the Contractor's sole risk.

B.4 DURATION OF CONTRACT PERIOD (MAR 1987) ALTERNATE 4 (JUN 1988)

The ordering period for this contract shall commence on August 1, 2005 and will expire on June 30, 2006. Any orders issued during this period shall be completed within the time specified in the order, unless otherwise specified herein. (See 52.216-18 - Ordering.) The term of this contract may be extended at the option of the Government for an additional four 1-year options.

C.13 BADGE REQUIREMENTS FOR UNESCORTED BUILDING ACCESS TO NRC Facilities (FEB 2004)

During the life of this contract, the rights of ingress and egress for contractor personnel must be made available, as required, provided that the individual has been approved for unescorted access after a favorable adjudication from the Security Branch, Division of Facilities and Security (SB/DFS). In this regard, all contractor personnel whose duties under this contract require their presence on site shall be clearly identifiable by a distinctive badge furnished by the NRC. The Project Officer shall assist the contractor in obtaining badges for the contractor personnel. It is the sole responsibility of the contractor to ensure that each employee has a proper NRC-issued identification/badge at all times. All photo-identification badges must be immediately (no later than three days) delivered to SB/DFS for cancellation or disposition upon the termination of employment of any contractor personnel. Contractor personnel must display any NRC issued badge in clear view at all times during on-site performance under this contract. C.14 SECURITY REQUIREMENTS FOR BUILDING ACCESS APPROVAL (FEB 2004)

The contractor shall ensure that all its employees, including any subcontractor employees and any subsequent new employees who are assigned to perform the work herein, are approved by the Government for building access. Timely receipt of properly completed security applications is a contract requirement. Failure of the contractor to comply with this condition within the ten work day period may be a basis to void the notice of selection. In that event, the Government may select another firm for award.

A contractor employee shall not have access to NRC facilities until he/she is approved by Security Branch, Division of Facilities and Security (SB/DFS). Temporary access may be approved based on a favorable adjudication of their security forms. Final access will be approved based on favorably adjudicated background checks by General Services Administration in accordance with the procedures found in NRC Management Directive 12.3, Part I. However, temporary access authorization approval will be revoked and the employee may subsequently be removed from the contract in the event the employee's investigation cannot be favorably adjudicated. Such employee will not be authorized to work under any NRC contract without the approval of SB/DFS. When an individual receives final access, the individual will be subject to a reinvestigation every five years.

The Government shall have and exercise full and complete control over granting, denying, withholding, or terminating building access approvals for individuals performing work under this contract. Individuals performing work under this contract shall be required to complete and submit to the contractor representative an acceptable GSA Form 176 (Statement of Personal History), and two FD.258 (Fingerprint Charts). Non-U.S. citizens must provide official documentation to the DFS/SB, as proof of their legal residency. This documentation can be a Permanent Resident Card, Temporary Work Visa, Employment Authorization Card, or other official documentation issued by the U. S. Citizenship and Immigration Services. The contractor representative will submit the documents to the Project Officer who will give them to the SB/DFS. SB/DFS may, among other things, grant or deny temporary unescorted building access approval to an individual based upon its review of the information contained in the GSA Form 176. Also, in the exercise of its authority, GSA may, among other things, grant or deny permanent building access approval based on the results of its investigation and adjudication guidelines. This submittal requirement also applies to the officers of the firm who, for any reason, may visit the work sites for an extended period of time during the term of the contract. In the event that SB/DFS and GSA are unable to grant a temporary or permanent building access approval, to any individual performing work under this contract, the contractor is responsible for assigning another individual to perform the necessary function without any delay in the contract's performance schedule, or without adverse impact to any other terms or conditions of the contract. The contractor is responsible for informing those affected by this procedure of the required building access approval process (i.e., temporary and permanent determinations), and the possibility that individuals may be required to wait until permanent building access approvals are granted before beginning work in NRC's buildings.

The contractor will immediately notify the Project Officer when a contractor employee terminates. The Project Officer will immediately notify SB/DFS (via e-mail) when a contractor employee no longer requires building access and return any NRC issued badges to the SB/DFS within three days after their termination.
