Thanks..the deal on 0036 is that the enclosure for closeout that I wrote last week is considered "draft" until and SPE or BC reads it. Bill Cook has been assigned to read my stuff (Scott does it only by exception now), and Bill won't be back until Monday. I should get it in next week.

Thanks

FRIENDLY REMINDER

This file is closeable. At the 6/23/04 ARB, action was assigned for Branch 3 to provide words for Enclosure 1 to closeout letter.

As of 7/22/04 the file is at 121 days - is closeable before the 150 day clock.

I have attached the ARB form.
