Sharon/Dave/Leanne:
Here is the final version of the closeout memo for 2004-0029. Dan Holody has done the review.
The July 30, 2004 letter to PSEG is written in as being attached, but since we all know UCS has it, that may be removeable up to your discretion.

FYI, we mention in the writeup that more info is coming out in the MidCycle assessment letter. Cobey thinks this will be issued around August 30th. If this closeout letter to UCS doesn't go out until close to that date, or after it, some of the wording should be changed regarding when the Midcycle is going to be or WAS issued.
