FYI: Upon review of the DOL Order Approving Settlement Agreement and Withdrawal of Complaint, I noted on page 2 that Judge Romano mentions a "gag provision." This sounds very similar to the Wills Eye Hospital Settlement Agreement. As such, I will be placing a call into DOL this morning to obtain a copy of said agreement. At the enforcement panel, we will need to discuss this gag provision. In the case of Wills Eye, we sent the licensee a stern letter about prohibitive language.
