Dave,

Looks great. Very clear and concise. I would just suggest one change (see below):

Response to Concern 2:

A review of this matter was performed by the **Hope Creek Senior Resident Inspector at Salem/Hope-Creek.**

Joe,

On December 3, 2002, I spoke with you to get your opinion on the feedback you were provided during an interview with the RI-2002-A-0099 allegor about the status of WCM. I have drafted the status letter to close this issue (and the other technical issue you reviewed about TS surveillance intervals) to reflect what we talked about. A redacted version of the draft status letter is attached for your review. Please get back to me as soon as you can so that we can get the letter out. According to the allegation process clock, we need to get this letter out of here by mid-week next week. Thanks in advance for your help.
