

Release All

From: A. Randolph Blough *AB*
To: DRP All -- Nuclear safety Professionals
Date: 3/11/04 3:18PM
Subject: Fwd: Press Release: NRC, PSEG To Discuss Work Environment At Salem, Hope Creek Nuclear Power

We are meeting with PSEG next week to discuss PSEGs assesment plan. since they have several related assessments and some are done or nearly done, they will likely be discussing results at some level. Continue to inform me, either thru your BC or directly, of industry feedback and questions on our action. Keep handy the explanatory notes we sent out jsurt after jan 28. Also, Hub and I are both available to company execs who want to talk about this.
thanks.
