Randy -

1. I spoke with Chris Bakken on the assessment letters. He said he was not surprised and that they had planned to discuss PI&R at the March 18 meeting.
2. I spoke with Steve Mannon (Lic. Mgr.) regarding the Synergy report and the difficulty of publicly discussing it. He felt that it would not be a problem and showed no interest in pursuing publishing a public version.
3. I had gotten Bob Pascarelli's NRR buy-in on our initial approach on the assessment letters. I updated him in a Monday AM email that the request for response had been deleted. I never heard any reaction.
