Dan,  
Welcome to Branch 3. I am sure we will talk soon. We will do whatever we can to help you out. Attached is an e-mail that I had sent yesterday regarding a concerned individual that we had played phone tag with. In the interim he had got his concern to PSEG ECP. You will see a follow on e-mail on the same topic that gives details on an interview that I had with the ECP manager who took the concerns.
