Subject: Information Regarding Mandatory Hearing Documents - Louisiana Energy Services, L.P. Proceeding

The Licensing Board has been advised by NRC staff counsel that because of collating problems with some of the documents being reproduced in connection with the mandatory hearing portion of the proceeding, it does not anticipate that these documents will be available until Tuesday. The Board has indicated to the staff that it should provide all the requested mandatory hearing documents by Tuesday. It is the Board's understanding that this document reproduction problem does not affect any of the staff documents due today in connection with the contested portion of this proceeding.
