Glenn & Scott, FYI

Cindy,
I had previously told you that I would be in the office on Friday, however, I will be attending an interview in South Jersey with Eileen Neff. The meeting is scheduled for sometime in the middle of the morning. I expect to be coming back to the Region I office after the interview but that depends on how long it goes. If it goes too late, I'll spend the rest of the day at Salem & Hope Creek before I have to go to Wilmington for class.

REVISED DATE:

The Chairman requested that the day for his visit be shifted to Monday, 2/9/04. So, the following note still applies, just the day is changed. Since Monday is at the start of a pay period, changing work schedules is made a bit easier.... Just keep in mind that we should not alter inspection plans...they should continue, as currently scheduled. We will be rescheduling the End of Cycle meetings for Indian Point, Limerick and Peach Bottom to Tuesday.

Jim

On short notice, Chairman Diaz has decided to visit Region I this Friday. As part of his visit, he is intently interested in addressing the staff for about an hour. We have put together an agenda for his visit that has his talk with you scheduled from 10:30 - 11:30am. Also, he plans to walkthru the office, providing some of us with an informal opportunity to talk with him in smaller groups; this will occur in the afternoon.

It is a privilege to have the chance to hear the Chairmans views and to interact with him especially now that he is preparing to testify to the Congressional budget and appropriations committees about our goals for the balance of this year and for FY05.

I realize that Fridays are typically non-work days for a lot of us. However, if you can clear your personal calendars and work it out with your supervisors (and your T&A clerk), it would be great if you could adjust your work schedules to permit you to be here for the Chairman's talk.

Jim
