

September 22, 2005

Department of the Air Force
AFMSA/SGPR
Attn: Lieutenant Colonel Mark Wrobel, USAF
110 Luke Avenue, Room 405
Bolling Air Force Base, DC 20032

Dear Sir:

By email dated April 3, 2005, Mr. James Salsman submitted a petition pursuant to 10 CFR 2.206 of the Commission's regulations with respect to depleted uranium munitions licensees. The petition has been reviewed by the Nuclear Regulatory Commission staff and the staff's proposed director's decision on the petition is enclosed. I request that you provide comments to me on any portions of the decision that you believe involve errors or any issues in the petition that you believe have not been fully addressed. The staff is making a similar request to the petitioner. The staff will then review any comments provided by you and the petitioner and consider them in the final version of the director's decision with no further opportunity to comment.

Please provide comments to me by October 21, 2005.

Sincerely,

/RA/

Charles L. Miller, Director
Division of Industrial and
Medical Nuclear Safety
Office of Nuclear Material Safety
and Safeguards

Enclosure: Proposed Director's Decision
