Rahway, NJ 07065

SUBJECT: INSPECTION REPORT NO. 03033387/2004001, U.S. ENGINEERING LABORATORIES, INC., RAHWAY, NEW JERSEY AND BROOMALL, PENNSYLVANIA; AND OFFICE OF INVESTIGATIONS (OI) REPORT NO. 1-2004-048

Dear Mr. Hughes:

This refers to the subject reports and our letter dated August 24, 2005, that transmitted these reports to you. Our letter described the inspection and investigation findings and explained the two options (e.g., Predecisional Enforcement Conference or Alternative Dispute Resolution) available to you before the NRC makes a final enforcement decision. During several of our telephone conversations in late August and early September 2005, you stated that you prefer to attend a Predecisional Enforcement Conference (conference) and provided us with your preference for the dates and times for the conference.

Pursuant to your request, and as Donna Janda of my staff discussed with you on September 7, 2005, we have scheduled the conference for October 12, 2005, at 1:00 p.m. in the Public Meeting Room of the NRC Region I office in King of Prussia, Pennsylvania. Directions to the Region I office are enclosed. While a public announcement will be made about the conference, the conference is closed to the public and will be transcribed. During the conference, you should be prepared to provide your perspective on the inspection and investigation findings, your corrective actions, and any other information that you wish the NRC to take into consideration before making an enforcement decision.

No reply to this letter is required; however, if you have any questions, please call me at (610) 337-5252.

R. Hughes
U.S. Engineering Laboratories, Inc.

2

Thank you for your cooperation.

Sincerely,

Original signed by John D. Kinneman

John D. Kinneman, Chief
Materials Security and Industrial Branch
