Bill,

✓ ML052630562

Attached is a copy of the final letter that the ACRS issued yesterday on the proposed Rev 4 to RG 1.82. This is a non-letterhead copy, but the contents are the same. The official copy should be available thru the agency public web site in a few days.

As a result of our issuing this letter, the staff has asked us to allow them to come back to the Committee on October 7 to talk about additional revisions to the proposed RG that may convince the Committee to change its recommendations. If you want to attend that meeting, please let me know, and I will (1) make sure you are registered, (2) make time for you to make a presentation, if you wish.

We have asked the staff to provide us with advance copies of any revised RG that they wish the Committee to consider, and we will, of course, provide you with that info before the meeting, if we receive it from the staff.
