

VOID SHEET

TO: License Fee Management Branch

FROM: RIII - James R. Mullauer

SUBJECT: VOIDED APPLICATION

Control Number: 314603

Applicant: Dow Chemical Company

License Number: 24-17763-02

Docket Number: 030-31371

Date Voided: AUGUST 1, 2005

Reason for Void: The licensee submitted that amendment request after they submitted their renewal request. Since the action was being assigned to R4, James Mullauer who was already assigned the renewal request, the reviewer just combined the 2 actions. It was important to complete the amendment request with the renewal since it concerned sources that were not on the license that and the sources should have been on the license. The RSO is new and does not understand why the sources were originally removed from the license, however, he caught it and took immediate corrective action. Therefore, this action is voided and combined with CN 314523.
