**LOUISIANA ENERGY SERVICES, LP REPORT TO BOARD ON WITNESS  
SCHEDULING CONSTRAINTS FOR THE OCTOBER 2005 EVIDENTIARY HEARING**

Pursuant to the Atomic Safety and Licensing Board's ("Board") Memorandum and Order (Regarding Administrative Matters Relative to October 2005 Evidentiary Hearing) of September 14, 2005, wherein the Board asked the parties to outline and provide reasons for the potential unavailability of any witnesses on a particular hearing day during the October 24-28 period, counsel for Louisiana Energy Services, L.P. ("LES") hereby informs the Board that LES witness Dr. Paul J.C. Harding is only available to testify on October 24, 2005 due to previously scheduled commitments and the need to take an international flight to meet these obligations.

LES notes however, that Dr. Harding is scheduled to testify on private sector deconversion of depleted uranium on the first day of the hearing. As such, it would seem highly unlikely he will not be able to complete his testimony in one day.

Respectfully submitted,

---
