MEMORANDUM TO AMS FILE NO.: RIII-95-A-094

FROM: John Jacobson, Fuel Facility Inspector *Jmj*
Fuel Cycle and Decommissioning Branch

SUBJECT: TELEPHONE CONTACT WITH J. CZARNEZKI
MISSOURI DEPARTMENT OF CONSERVATION

I spoke with Jim Czarnezki, an environmental services biologist of the Missouri Department of Conservation, about an issue lodged by [redacted] regarding potential deformation and death of fish in the Joachim Creek near Hematite, Missouri. [redacted]

[redacted] contacted Kim Jones of the EPA regarding improper disposal of sewer sludge by Combustion Engineering. I asked Jim to fax me a copy of the report generated by the call. After a review of the report, attached to this memo, it appears to be part of the allegation initially raised by Kim Jones regarding disposal of contaminated sewer sludge by Combustion Engineering.
