and General Manager  
Pacific Gas and Electric Company  
Diablo Canyon Power Plant  
P.O. Box 56  
Avila Beach, CA 93424

SUBJECT: RESPONSE TO ORDERS REQUIRING IMPLEMENTATION OF INTERIM  
SECURITY COMPENSATORY AND ACCESS AUTHORIZATION MEASURES  
FOR DIABLO CANYON POWER PLANT INDEPENDENT SPENT FUEL  
STORAGE INSTALLATION

Dear Mr. Oatley:

On May 5, 2005, the U.S. Nuclear Regulatory Commission (NRC) issued Orders (EA-05-086 and EA-05-087) to Pacific Gas and Electric Company (PG&E) requiring implementation of interim safeguards and security compensatory measures (ICM) and additional security measures (ASM) associated with access authorization, respectively, for its dry storage independent spent fuel storage installation (ISFSI) at the Diablo Canyon Power Plant. On May, 24, 2005, PG&E submitted its written response to the ICM and ASM Orders.

Based on our review, the NRC staff finds PG&E's response to the Orders acceptable. NRC will determine the effectiveness of your implementation of the ICMs through on-site inspections. If you have any questions about this letter, please call me at 301-415-1169.

Sincerely,

*/RA/*
