Dear Ruth:

On behalf of the Organization of Agreement States (OAS) Executive Board, I am pleased to advise you that you have been appointed to serve on the Steering Committee of the joint NRC/Agreement States Working Group for development of guidance to modify the process of issuing specific licenses, effective immediately.

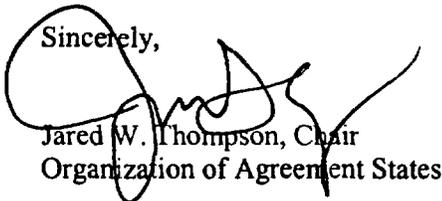

The purpose of the Working Group is to address Recommendations from the August 2003 GAO report on the security of radioactive material. The guidance will address screening criteria for pre-licensing reviews and safety-related visits related to the increase control for radioactive materials. The Steering Committee will be requested to review and comment on products from the Working Group. The NRC will be contacting you directly regarding future Working Group activities.

The Steering Committee will have 2 –3 meetings via conference calls. The total resource effort for the Steering Committee member will be approximately 30 hours between late September and December 7, 2005.

Please confirm in writing or by email your acceptance to serve as a member of this Steering Committee to my office at your earliest convenience.

Please keep the OAS Chair advised of the Steering Committee activities or issues. Thank you for your willingness to participate and assist OAS in this project.

Sincerely,

Jared W. Thompson, Chair
