Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Training for George Leber
Summary:	I contacted Mr. Lairmore to ask if Dr. George Leber, who wants to be added to the license as an authorized user, is board certified. Mr. Lairmore explained that Dr. Leber is in he process of obtaining board certification for the Certification Board of Nuclear Cardiologists (CBNC) and that the information in the letter dated June 8, 2005 has been submitted to CNBC documenting the training of Dr. Leber. I asked if he could send us that same documentation. He asked if the letter submitted also would serve as a preceptor statement. I explained to him that the letter dated June 8, 2005 does not qualify as a preceptor statement b/c it does not specifically list the training Dr. Leber has had. Mr Lairmore stated that he would fax me the additional information I needed to complete the review. I also asked if Dr. Leber wanted to be approved for 35.100, 35.200, or both. He said 35.200 only. 9/8/05 I left Mr Lairmore a message checking on the status of the information requested. I received a call stating that the information would be faxed soon. 9/15/05 I contacted Mr. Lairmore again and left a message stating that I had not received any information and that the deadline to have the amendment complete is approaching.
