Dear Mr. Gundersen:

Enclosed are copies of the Revised Security Plan for the Hematite facility. The plan was revised extensively throughout to update it for our license revision allowing processing of Uranium up to 5% enriched, the facility changes taking place as a part of our Revitalization Program, and recommendations made by the Region III Physical Security Inspector.

Check number 206430 dated 09/23/88 is attached for the minimum review fee.

Very truly yours,

James A. Rode,
Plant Manager
