<p>Name of Licensee: Rohm and Haas Company Spring House Technical Center</p> <p>Name of Participant(s): Alan M. Rothman, Ph.D.</p> <p>Telephone No. 215-641-7229</p> <p>Subject: RAI, DFP Update Request (NOTE: This will be used as the Documents Title in ADAMS)</p>		
<p>Summary:</p> <p>I requested the updated values for the decommissioning funding plan to check against the certification value associated with financial assurance. Dr. Rothman didn't have that value and believed that he didn't need to have decommissioning funding plan that the certification value of \$1,125,000 was sufficient. Action: He was going to look at updating the decommissioning funding plan and I stated that I would contact my supervisor associated with possible license amendments.</p> <p>09/26/05 08:15 AM I called Dr. Rothman back and discussed an option of amending the license to place on a licensed condition to limit them so that they do not require a decommissioning funding plan or he could submit the update to the decommissioning funding plan. The amendment would require them to develop procedures to ensure that the quantities of material would be limited to below the decommissioning funding plan requirements. In either case, I would continue with the review on switching the financial instrument.</p> <p>Dr. Rothman requested an e-mail with the license condition and would consider his options.</p>		
<p>Action Required: Send an e-mail to Dr. Rothman</p>
