RE: NRC License Amendment Application

To whom it may concern:

03035890

Enclosed is a complete application for an NRC radioactive materials license amendment for our facility. We are currently operating under the authority of NRC license #06-30702-01, through amendment #2, with an expiration date of 2/29/2012.

Item #1: We wish to add Dr. Marian E. Vulpe as an authorized user. Please find documentation of Dr. Vulpe's training and experience in enclosure #1.

Item #2: We wish to train the designation of Radiation Safety Officer from our NRC License from Charles Giomuso, MS to Roberta J. Alvarez, CNMT, ARRT. Please find attached in enclosure #2 a letter of recommendation for Mrs. Alvarez from the current Radiation Safety Officer and a transcript of her educational achievements. Please note that Roberta J. Alvarez, CNMT, ARRT was previously known as Roberta J. Thomas, CNMT, ARRT.

Item #3: Please note that in amendment #2 of our current NRC License there is an error in address listed for our East Haven Office. The following is the correct address for this facility:
203 Main Street
East Haven, CT 06512

Item #4: There has been a slight modification to the floor plan for our East Haven facility (the addition of an interior door and wall). Please find a copy of the modified floor plan in enclosure #4 showing the addition of the interior door and wall. This was added to facilitate patient comfort and workflow.

Should you have any questions regarding this application, please feel free to contact me.

Sincerely,

Marian Vulpe, M.D.

Certification Board of Nuclear Cardiology:

Dr. Marian E. Vulpe has completed a training program in Nuclear Cardiology that meets the requirements as outlined in ACC/ASNC COCATS Guidelines [revised 2000].

Dr. Marian E. Vulpe is competent to independently function as an authorized user under NRC 10 CFR 35.290 uses.

Sincerely,

Alan Rozanski, M.D.

MAJOR RESEARCH AND TRAINING INTERESTS

Comprehensive specialty training in noninvasive and invasive/interventional Cardiology, including research and teaching, focusing on clinical integration of structural and functional imaging modalities in ischemic heart disease.

Expanding knowledge pool of biostatistics and clinical decision analysis into advanced research and practice tools.

Pathophysiology and clinical impact of cardiac remodeling; vascular biology and hemodynamic modeling.

SUBMITTED BY: A. Berendt Assoc. Inc. 888-273-4628

Chaos and complexity theories, nonequilibrium thermodynamics of antientropic systems, energetic concepts of information transmission and their application to cardiovascular function and regulation.

Integrative basic science, such as genetics and immunology, and their impact on cardiovascular medicine.

Individual and community-oriented health education and disease prevention.

PROFESSIONAL EXPERIENCE

July 2004-June 2005-Cardiology Fellowship-St. Luke's Roosevelt Hosp. Ctr.-Columbia University of P&S

July 2002-June 2004-Cardiology Fellowship-Graduate Hospital, Philadelphia, PA

July 2000-June 30, 2002-Clinical and research noninvasive Cardiology Fellowship-Massachusetts General Hospital/Harvard University

July 1997-June 2000-Internal Medicine Residency-Kingsbrook Jewish Med Ctr, Brooklyn, NY;
-Chief Medical Resident

Oct 1992-June 1997-ECG Monitor Technician-North Broward Med Ctr/Pompano Beach, FL; Holy Cross Hosp.
Ft. Lauderdale, FL

Oct 1991-Oct 1992-Arrival in the US, political asylum proceedings, work authorization, test prep-USMLE, all
in Miami, FL

Dec 1990-Oct 1991-Internal Medicine internship/Cardiology track-Sighisoara Municipal Hospital, an affiliate
of the Univ of Tirgu-Mures SOM

Oct 15-Nov 30, 1990-postgraduation administrative prep for internship starting Dec 1, 1990

TEACHING EXPERIENCE

July 2002-present-teaching medical students, interns, residents, CME Grand Rounds-Graduate Hospital; SLRH

July 2000-June 2002-medical student teaching and Cardiology Grand Rounds presentations-MGH/SRH

July 1998-June 2000-junior resident teaching, including Chief Resident duties-KJMC

1992-1997-inservices on arrhythmia classification, identification and management; ECG diagnosis; pacemaker-
related normal and abnormal function-NBMC

1991-Internal Medicine-Red Cross student course-SMH

COMMITTEE MEMBERSHIP

1998-2000-Committee on procedures and ICU/CCU-KJMC

1989-1990-Chairman, Scientific Commission-Timisoara Medical Student Union (founder)

1989-1990-Senate member-Univ of Timisoara SOM

1989-1990-Student leader

Applied Medical Physics In Radiology

A FULL SERVICE MEDICAL PHYSICS GROUP

Roberta J. Thomas, CNMT
Heartcare Associates of Connecticut
2200 Whitney Avenue #180
Hamden, CT 06518

February 21, 2005

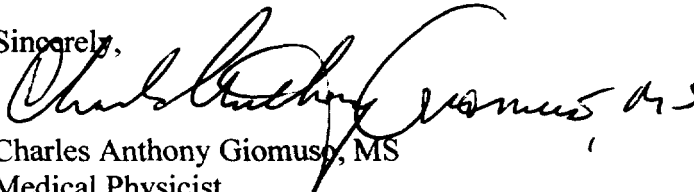

Dear Ms. Thomas:

Please allow this letter to be used for reference regarding my recommendation for you to serve as a Radiation Safety Officer. For the past 34 months, you have maintained all required record keeping necessary for the Nuclear Regulatory Commission, reviewed film badge records, identified problems within the department relative to radiation safety and have been able to maintain a safe working environment.

In addition to the above, you have demonstrated the appropriate knowledge of quality control regarding instrumentation as required by the Nuclear Regulatory Commission. You have assisted in radiation safety training for the ancillary staff and have been able to address any of their questions regarding radiation safety matters.

You have demonstrated adequate knowledge of the rules and regulations for working with radioactive materials and consistent with the duties of a Radiation Safety Officer.

Should you require any other information regarding this, please feel free to contact me directly at 888-934-1871.

Sincerely,

Charles Anthony Giomuso, MS
