Re: License No. 37-20770-01

03022053

Dear Sir,

Please be advised that the devices listed on the referenced license in item 6, Byproduct, source and/ or special material have been transferred back to the manufacturer.

Devices acquired under a general license and as are listed in a recent license renewal application in Item No. 5, Radioactive Material are to be placed in the Specific License. These devices are:

A.	Kr 85	Sealed Source DuPont Model No. 584	200 Millicuries
B.	Kr 85	Sealed Source DuPont Model No. 584	200 Millicuries
C.	Pm147	Sealed Source Amersham Model No. PHC.C1	500 Millicuries

Sincerely,

Gerald Fetterman
 Senior Project Engineer/ RSO
