

October 11, 2005

LICENSEE: Exelon Generation Company, LLC

FACILITY: Clinton Early Site Permit Application

SUBJECT: SUMMARY OF TELEPHONE CONFERENCE CALL HELD ON
SEPTEMBER 19, 2005 BETWEEN THE U.S. NUCLEAR REGULATORY
COMMISSION (NRC) AND THE ILLINOIS DEPARTMENT OF NATURAL
RESOURCES (IDNR) REGARDING THE REVIEW OF THE EXELON EARLY
SITE PERMIT (ESP)

On September 19, 2005, I talked with Mr. Keith Shank, Chief of the Impact Assessment Section of the Illinois Department of Natural Resources (IDNR), to find out if the agency had provided or intended to provide comments on the draft environmental impact statement (DEIS) concerning the early site permit (ESP) application at the Clinton ESP site, which was sent to IDNR on March 2, 2005.

Mr. Shank indicated that the agency did not have comments at this time, and did not intend to comment on the DEIS on the Clinton ESP project. He expects the agency will address any concerns it may have when Exelon submits permit requests to perform construction and operation activities.
