Mr. Fletcher,

Attached is an Environmental Assessment for the Department of Health and Human Services, Food and Drug Administration, Center for Device and Radiological Health facility at 12709 Twinbrook Parkway, Rockville, Maryland release for unrestricted use.

Please get in touch with me if you have any questions about this action. We are asking for an expedited review, because the lease for that site expires December 31, 2005, and they will incur heavy penalties if they cannot release the building by that time.

thank you,
