Ronda,

Tom Scarbrough is out of town but he said he would be willing to call in at 1:30 pm.

I thought Jim Tatum was in but he has not returned to his office since I left the note and the person that sits next to him said he hasn't seen Jim today.

Please call me and provide the hotline number.

Rick

Rick - Can Jim Tatum, Steve Jones, Scarbrough and/or G. Imbro support a call at 1:30 today? We could use the EPU hotline. We would have the call today rather than Monday morning to facilitate getting our response out on Monday. I'll be in the office today 12:15 until 2:30; we were on a telecon this morning for 2.5 hours.

If you need to reach me after 2:30, please page me. My backup after 2:30 is Brian on his cell.

Thanks,  
Ronda

Ronda,

A WordPerfect version of the entire 10/12/05 letter is attached.

Steve Jones is out today but Jim Tatum is here. I left a note on his desk asking if he is available for a call. will let you know when he gets back to me.

thanks,

Rick

Rick - Would you please send me a Word Perfect or WOrd version of the 10/12 license condition letter?

Are Jim Tatum and Steve Jones available this afternoon for a brief call to clarify?

Ronda,

As you requested, I have arranged for a conference call on Monday 10/17 at 8:30 am to discuss proposed license condition 3.M, "Potential Adverse Flow Effects."

The bridge number for the call is 1-800-638-8081, passcode 6153#.

Note, I have reserved 9 lines total. The NRC will need 3 lines since Tom Scarbrough and John Wu will be calling in from home. Please let me know if Entergy needs more than 6 lines.

Also, if the intent of the call is to also discuss proposed license conditions 3.K and 3.L let me know ASAP since I will need to coordinate with SRXB and SPLB staff.

thanks,

Rick
