Mr. Tom Conley, CHP, RRPT, Chief Radiation and Asbestos Control Section Department of Health and Environment Bureau of Air and Radiation 1000 SW Jackson, Suite 310 Topeka, KS 66612-1366

Dear Mr. Conley:

We have reviewed the Kansas license condition that were submitted to address the NRC regulation associated with "Records and material transfer reports associated with the Introduction of byproduct material in exempt concentrations into products or materials, and transfer of ownership or possession," received by our office on September 29, 2005. This license condition was reviewed by comparison to the equivalent NRC rule in 10 CFR 32.12. We discussed our review of the license condition with you on October 14, 2005.

As a result of our review, we have no comments. We have determined that the Kansas license conditions meet the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

The State Regulation Status (SRS) Data Sheet summarizes our knowledge of the status of other Kansas regulations and legal binding requirements, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the STP website: http://www.hrsd.ornl.gov/nrc/rulemaking.htm.

If you have any questions regarding the review results, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me, or Jenny Tobin at 301-415-2328 or by e-mail at ict1@nrc.gov.

Sincerely,

\RA By KNSchneider For\

Dennis K. Rathbun, Deputy Director Office of State and Tribal Programs
