Chief Nuclear Officer and
Executive Vice President
6A Lookout Place
1101 Market Street
Chattanooga, TN 37402-2801

SUBJECT: PUBLIC MEETING SUMMARY - HUMAN PERFORMANCE SUBSTANTIVE
CROSS-CUTTING ISSUES - WATTS BAR NUCLEAR PLANT - DOCKET
NOS.: 50-390, 50-391

Dear Mr. Singer:

This refers to the meeting conducted at your staff's request at the Region II Office in Atlanta, Georgia, on October 18, 2005, at 10:30 a.m. The meeting's purpose was to discuss Watts Bar's actions with respect to human performance cross-cutting issues. Enclosed are a list of attendees and the presentation handout used by your staff.

The discussions included the following topics: the Top Ten Plan to Improve Human Performance and the Operations Improvement Plan. The meeting was candid and informative and provided useful insight into your staff's response to the substantive cross-cutting issue in Human Performance that we raised in our August 30, 2005 Mid-Cycle Assessment Letter. The meeting did not result in specific action items or decisions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room (PDR) or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
