My media interactions today included:

- \* A call from the Brattleboro (Vt.) Reformer about how long our special inspection effort on the missing Vermont Yankee fuel rod pieces would continue.
- \* A call from Vermont Public Radio asking again when our response to the PSB would be out.
- \* A call from a Syracuse (N.Y.) TV reporter (from News 10, the ABC affiliate) regarding the ex-FitzPatrick nuclear plant whistleblower who held a news conference today. I mentioned this case in yesterday's note.
